Decision Making Proper Prioritization

LANGUAGES

English B2 Russian C1
Polish B2 Belarussian B1 German A1

TECHNICAL SKILLS

- R (Tidyverse)
- SQL (Advanced)
- Python (Pandas, Numpy)
- Statistics (Hypothesis, A/B Testing, t-test)
- Git
- HTML
- Tableau
- Microsoft Office (Excel)

PROFESSIONAL EXPERIENCE (non-commercial)

Experience gained outside of the University

DATA ANALYSIS ENGINEERING Stage 1 | EPAM Training | OCT 2023 - JAN 2024

- Tools were used: SQL (PostgreSQL), Bitbucket, BDeaver, pgAdmin4.
- During the training, I delved into advanced SQL, creating conceptual, logical, and physical database

models. I studied aspects of normalization, security, and database creation.

- My analysis encompassed SQL and PL/pgSQL functions to streamline tasks and high-level queries using Window Functions and Window Frames, (CTE).
- Solutions were reviewed by a mentor, and I finalized them only after their approval of accuracy.

Experience gained at the University

1. Conducting CustDevs on such topic as Electromobility, Work in remote mode vs in office, Brownie from Biedronka vs Brownie from healthy ingredients cooked in home.
2. Research on 'What are UEP students up to?' I was responsible for visualizing our results and presenting them. I used Tableau for the task. (Tableau)
3. Research on "What absolvents think about studying in UEP"? (Tableau)
4. Analysis of sports promotion using the example of the Luboń Amateur Volleyball League. (Web scraping, R+ HTML + Barden)

INDIVIDUAL/GROUP PROJECTS .

Marketing Insight for E-commerce company (In/Project) using Python (actually I'm working on)

Dashboards in Tableau published on Tableau Server ([link](#))

Testing Hypothesis In/project ([link](#))

Linear Regression models - G/project project ([link](#))

Web Scraping using R (In/project) ([link](#))

(G/project) based on dataset "courses in Udemy" using R

(dplyr, stringr (regex), ggplot2)([link](#)).

HOBBIES .

Stock Market, Sport, Nutrition, AI, Chess

VOLUNTARY ACTIVITIES .

- Participation in the our campaign of collecting Christmas parcels for children from Ukraine
- Wampiriada (blood donation, based on selfless help and the association of good-hearted people)
- Helping the Ukrainians with their stay in the temporary housing in the beginning of war

PROFESSIONAL EXPERIENCE (commercial) .
